CERTIFICATIONS

August 2025	Data and AI	Cyber Shujaa USIU-Africa
March 2025	Data Analytics for Project Management	Udemy
August 2024	Data Analysis with MySQL and Tableau	Zindua School

WORK EXPERIENCE

Field System Administrator Officer

Roamtech Solutions Limited | Kilifi County Referral Hospital | December, 2025 – August, 2026.

- Led end-to-end HMIS deployment and adoption across 40+ departments, onboarding 400+ clinical and administrative staff hospital-wide.
- Served as the primary liaison between the service provider, Kilifi County Referral Hospital and county ICT department, ensuring alignment on system objectives and performance targets.
- Monitored daily system performance, usage metrics, and uptime, generating regular reports for management and county stakeholders.
- Delivered a performance report documenting system uptake, stock-take completion rate, and presented findings to hospital leadership.
- Conducted on-site and remote training sessions, developing user guides improving staff competency.

- Resolved technical issues and escalated systemic problems: maintaining high system uptime.

IT Support Staff (Attachment)

County Government of Kilifi | Kilifi, Kenya | May 2024 – Aug 2024

- IT support, troubleshooting issues across the office of the County Attorney.
 - Digitized 800+ visitor records in excel, improving data accessibility and record-keeping efficiency.
-

PROJECTS *(Full portfolio: github.com/denko5)*

Legal Management System | Laravel Web Application | 2026

- Developed a web-based system to manage legal cases, documents, hearings, tasks, and office workflows.

Campus Crib | Web Development | Oct 2024 – Apr 2025

- Built a web platform with advanced search filters and real-time chat to help campus students find off-campus housing

Sales Performance Analysis | Data Analytics

- Cleaned and analyzed 1,000+ sales records to surface product performance insights.

Student GPA Predictor | Data Science

- Built a Linear Regression model predicting student GPAs based on residency, internet access, and allowance variables.

HONORS & ACHIEVEMENTS

- Trained and onboarded **400+** hospital staff across **40+** departments, achieving measurable improvement in HMIS adoption rates within Kilifi County Referral Hospital.
- Successfully managed a complex HMIS rollout in a public health environment with minimal supervision.
- **Data Analytics Challenge with Zindua School [May – August 2024]:** Completed a two-month data analytics challenge, gaining hands-on skills in analytics, teamwork, and presentation.
